# WHAT OTHERS ARE SAYING

"Tremendous communicators, love their fresh innovative approach...humorous and very engaging. As Lead Pastors of a growing church, we highly recommend Next Step Solutions to speak to your staff or at your leadership event. The time they spent with our staff was both life giving and life changing. They understand the dynamics of a church staff, and

shared information that disarmed and helped each staff member to see how they can do better than ever before."

### What to Do When You Know There's Something More

Make your next days your best days!

Sometimes in life we find ourselves still dreaming the dream but not living the dream. We reach a place called "Stuck," which has the potential to lead to discouragement and unhappiness. We do the same old activities at work, school, or home while constantly imagining the life we really want to lead. *Next* will show you how to:

- Manage the emotions of your now situation
- Get unstuck and start moving again
- Face your fears head on and conquer rejection
- Increase your capacity for more and kiss mediocrity goodbye
- Make your next days your best days

It is never too late to take strategic steps toward the future you want to have. You do not have to be stuck. *Next* will show you what to do when you know there's something more.

"Dreamers are a dime a dozen; it's the doers that change the world! If you're ready to stop simply dreaming and start turning your dreams into action, then *Next* will show you the way."

—Dave Ramsey
